GL+

COMPREHENSIVE SOFTWARE SOLUTION FOR PETROL STATIONS AND RETAIL STORES

ONE SYSTEM. ENDLESS POSSIBILITIES.

GL+ is an advanced software solution designed to comprehensively support operations at points of sale of all sizes and types – from retail stores to petrol stations. It combines the latest technologies (web services, cloud, mobility), is user-friendly, and ensures high security, reliability, and flexibility.

KEY BENEFITS OF THE GL+ SYSTEM

- **Unified solution for all sales:** items, services, catering, and fuels.
- **Offline functionality:** fully operational even without a constant internet connection.
- **High integration capability for petrol stations:** compliance with standards and equipment (IFSF, MID, ATEX).
- **Centralized management:** real-time overview of sales, inventory, and pricing.
- **Multiple payment methods:** cards, cash, coupons, fuel cards.
- **Scalability:** suitable for individual locations up to large retail networks.

GL+ POS:

INTUITIVE POINT OF SALE

- Touchscreen interface with quick-access buttons.
- Payment terminal integration, supporting various payment methods.
- Direct access to inventory, stocktaking, and ordering.
- Optional integration with loyalty programs.
- Support for the fiscalization of receipts.

GL+ HOS:

CENTRALIZED MANAGEMENT

- Management of master data, users, and promotions.
- Advanced orders and pricing management.
- Detailed reporting and data transfer to ERP systems

GL+: your smart choice for successful, reliable, and efficient business operations.

SERVICES AND 24/7 SUPPORT

- User support is available via phone, email, remote, or onsite.
- Preventive maintenance and regular updates.
- Option for hosting in the private Pro.Cloud.

CONNECTIVITY AND INTEGRATIONS

- Easy integration with ERP, BI, CRM, and other systems.
- Support for APIs and data synchronization.
